

# A variety of output options to meet every need

The modular architecture of EFI™ Fiery® XF enables you to customize your solution to your output devices, and workflow needs. It offers you the flexibility to drive multiple printers, cutting engines, and print & cut devices.

## **Printer Option M, XL and XXL**

Fiery XF supports over 800 inkjet printers. Three options are available depending on the required printer size:

- Printer Option M: for printers with a printing width up to and including 18" or A2
- Printer Option XL: for printers with a printing width of up to and including 24"
- Printer Option XXL: for printers with a printing width over 24"

**M, XL, and XXL printer options include print & cut printers.**

## **Printer Option Wide Format Licenses**

- This option adds support for non-EFI printers up to and including 69"

## **Printer Option Superwide Format Licenses**

- This option adds support for non-EFI printers larger than 69"

For a list of supported printers and cutters visit [fiery.efi.com/supporteddevices](http://fiery.efi.com/supporteddevices)

## EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalized documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity. Visit [www.efi.com](http://www.efi.com) or call 650-357-3500 for more information.
