

SuperSmooth™ PET GreyBack is a 13 oz. non-curling banner with a super smooth print surface and a grey back. The material is ideal for high resolution printing. The grey back-side prevents light transparency and shadowing. SuperSmooth PET GreyBack is ideal for pop-up, roll-up, x-displays and an array of close viewing indoor applications. The material does not require lamination and is available in a matte finish. SuperSmooth PET Greyback is compatible for use with solvent, eco-solvent, UV, Latex and screen printing. Available in widths from 38" - 126".
