

PhotoPro Certified Satin 200

200 gsm • Satin Finish • Wide Color Gamut • Certified Proofing Media

PhotoPro Certified Satin 200 is a high-performance, bright white satin paper designed for professional proofing and high-quality photo applications. Its smooth Generation 2 coating provides excellent color stability, a wide color gamut, and reduced ink usage, making it ideal for proofing systems and fast, viscous inkjet printheads. Certified to meet Fogra 51 and GRACoL 2013 standards, this paper ensures accurate color reproduction and reliable results for professional photographers, designers, and print specialists.
