

Proof Line™ Premium WS 260

Premium WS 260 is a brighter paper to meet the newest Fogra and GRACoL standards. It's unique coating and high quality base provides a very smooth surface and greater color gamut than even many photo based papers. The Generation 2 type coatings were specifically designed with the onset of faster printheads running a more viscous ink. The results are immediate color stability and reduced ink usage. Premium WS 260 is a great choice for anyone who needs to meet **GRACoL 2013 / CRPC 6** standards with their proofing system.

Technical Specifications:

Color:	White
White point:	M0: L*96.8 a*1.1 b*-2.8 M1: L*96.9 a*0.9 b*-3.7
Surface:	Satin (Instant Dry)

White point measurements made with an Xrite eXact over white backer. **M1** measurements are **M1 part 2**. Measurements may vary with different instruments. It is always advised to use the same instrument/filter combination when measuring materials and using **M1** when the same device is not possible.

*No Matter How You Look at it...
The PROOF is on the Paper.*
